FORM OF TENDER
Call for bids: Data platform build (Internal Tools, TOOLS-3)

Bidder: Tessellate Software

We offer to design, build and hand over the self-service test data generator described in the invitation to tender, for the total price set out in our pricing schedule, which is fixed for the contract term.

We accept the buyer's standard terms and conditions without amendment. We can start on 16 November 2026 and will hold this offer open for 90 days.
